Pairing Bluetooth Keyboard with iPad

Step 1: Press the Power Button to turn the keyboard ON. The Power and Bluetooth Indicators should be lit for approximately 5 seconds. Keyboard is now in side mode. Press the Connect Button. Power Indicator should be lit and Bluetooth Indicator should be flashing. The keyboard is now in pairing mode.

Step 2: On the iPad, tap Settings > Bluetooth > Pairing > Bluetooth Connector > Bluetooth Keyboard to turn on. Pairing will now be visible. Tap to accept the connection.

Step 3: Tap on Bluetooth Keyboard to connect. You must type in the 4-digit code according to the on-screen instructions. Press the Enter Key on the keyboard. The keyboard should now be connected.

Preparing for Use

- **Lighting:**
  - Red light is ON when the unit is charging. Once charged completely, the light turns OFF.
  - Blue light will flash for 5 seconds when searching for a Bluetooth Connection. Once a connection is made, the blue light turns OFF.

**Precautions:**
- Do not expose the unit to rain, water, or moisture.
- Do not use the keyboard near strong magnetic fields.
- Do not use the keyboard near strong electrical fields.
- Do not disassemble the unit.
- Do not drop the unit.
- Do not subject to excessive force.
- Do not store the unit in direct sunlight.
- Do not use the unit in areas with high humidity.
- Do not use the unit in areas with high temperature.
- Do not use the unit in areas with low temperature.
- Do not use the unit in areas with high dust levels.
- Do not use the unit in areas with high noise levels.
- Do not use the unit in areas with high vibration levels.
- Do not use the unit in areas with high electromagnetic fields.
- Do not use the unit in areas with high chemical levels.
- Do not use the unit in areas with high radiation levels.
- Do not use the unit in areas with high electrical levels.
- Do not use the unit in areas with high water levels.
- Do not use the unit in areas with high air levels.
- Do not use the unit in areas with high soil levels.
- Do not use the unit in areas with high fire levels.
- Do not use the unit in areas with high smoke levels.
- Do not use the unit in areas with high dust levels.
- Do not use the unit in areas with high smoke levels.
- Do not use the unit in areas with high heat levels.
- Do not use the unit in areas with high cold levels.
- Do not use the unit in areas with high humidity levels.
- Do not use the unit in areas with high dry levels.
- Do not use the unit in areas with high wet levels.
- Do not use the unit in areas with high dryness levels.
- Do not use the unit in areas with high moisture levels.
- Do not use the unit in areas with high water levels.
- Do not use the unit in areas with high air levels.
- Do not use the unit in areas with high soil levels.
- Do not use the unit in areas with high fire levels.
- Do not use the unit in areas with high smoke levels.
- Do not use the unit in areas with high heat levels.
- Do not use the unit in areas with high cold levels.
- Do not use the unit in areas with high humidity levels.
- Do not use the unit in areas with high dry levels.
- Do not use the unit in areas with high wet levels.
- Do not use the unit in areas with high dryness levels.
- Do not use the unit in areas with high moisture levels.
- Do not use the unit in areas with high water levels.
- Do not use the unit in areas with high air levels.
- Do not use the unit in areas with high soil levels.
- Do not use the unit in areas with high fire levels.
- Do not use the unit in areas with high smoke levels.
- Do not use the unit in areas with high heat levels.
- Do not use the unit in areas with high cold levels.
- Do not use the unit in areas with high humidity levels.
- Do not use the unit in areas with high dry levels.
- Do not use the unit in areas with high wet levels.
- Do not use the unit in areas with high dryness levels.
- Do not use the unit in areas with high moisture levels.
- Do not use the unit in areas with high water levels.
- Do not use the unit in areas with high air levels.
- Do not use the unit in areas with high soil levels.
- Do not use the unit in areas with high fire levels.
- Do not use the unit in areas with high smoke levels.
- Do not use the unit in areas with high heat levels.
- Do not use the unit in areas with high cold levels.
- Do not use the unit in areas with high humidity levels.
- Do not use the unit in areas with high dry levels.
- Do not use the unit in areas with high wet levels.
- Do not use the unit in areas with high dryness levels.
- Do not use the unit in areas with high moisture levels.
- Do not use the unit in areas with high water levels.
- Do not use the unit in areas with high air levels.
- Do not use the unit in areas with high soil levels.
- Do not use the unit in areas with high fire levels.
- Do not use the unit in areas with high smoke levels.
- Do not use the unit in areas with high heat levels.
- Do not use the unit in areas with high cold levels.
- Do not use the unit in areas with high humidity levels.
- Do not use the unit in areas with high dry levels.
- Do not use the unit in areas with high wet levels.
- Do not use the unit in areas with high dryness levels.
- Do not use the unit in areas with high moisture levels.
- Do not use the unit in areas with high water levels.
- Do not use the unit in areas with high air levels.
- Do not use the unit in areas with high soil levels.
- Do not use the unit in areas with high fire levels.
- Do not use the unit in areas with high smoke levels.
- Do not use the unit in areas with high heat levels.
- Do not use the unit in areas with high cold levels.
- Do not use the unit in areas with high humidity levels.
- Do not use the unit in areas with high dry levels.
- Do not use the unit in areas with high wet levels.
- Do not use the unit in areas with high dryness levels.
- Do not use the unit in areas with high moisture levels.
- Do not use the unit in areas with high water levels.
- Do not use the unit in areas with high air levels.
- Do not use the unit in areas with high soil levels.
- Do not use the unit in areas with high fire levels.
- Do not use the unit in areas with high smoke levels.
- Do not use the unit in areas with high heat levels.
- Do not use the unit in areas with high cold levels.
- Do not use the unit in areas with high humidity levels.
- Do not use the unit in areas with high dry levels.
- Do not use the unit in areas with high wet levels.
- Do not use the unit in areas with high dryness levels.
- Do not use the unit in areas with high moisture levels.
- Do not use the unit in areas with high water levels.
- Do not use the unit in areas with high air levels.
- Do not use the unit in areas with high soil levels.
- Do not use the unit in areas with high fire levels.
- Do not use the unit in areas with high smoke levels.
- Do not use the unit in areas with high heat levels.
- Do not use the unit in areas with high cold levels.
- Do not use the unit in areas with high humidity levels.
- Do not use the unit in areas with high dry levels.
- Do not use the unit in areas with high wet levels.
- Do not use the unit in areas with high dryness levels.
- Do not use the unit in areas with high moisture levels.
- Do not use the unit in areas with high water levels.
- Do not use the unit in areas with high air levels.
- Do not use the unit in areas with high soil levels.
- Do not use the unit in areas with high fire levels.
- Do not use the unit in areas with high smoke levels.
- Do not use the unit in areas with high heat levels.
- Do not use the unit in areas with high cold levels.
- Do not use the unit in areas with high humidity levels.
- Do not use the unit in areas with high dry levels.
- Do not use the unit in areas with high wet levels.
- Do not use the unit in areas with high dryness levels.
- Do not use the unit in areas with high moisture levels.
- Do not use the unit in areas with high water levels.
- Do not use the unit in areas with high air levels.
- Do not use the unit in areas with high soil levels.
- Do not use the unit in areas with high fire levels.
- Do not use the unit in areas with high smoke levels.
- Do not use the unit in areas with high heat levels.
- Do not use the unit in areas with high cold levels.
- Do not use the unit in areas with high humidity levels.
- Do not use the unit in areas with high dry levels.
- Do not use the unit in areas with high wet levels.
- Do not use the unit in areas with high dryness levels.
- Do not use the unit in areas with high moisture levels.
Federal Communication Commission Interference Statement
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, and the user is encouraged to try to correct the interference by one of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Operation of this device is subject to the following conditions:
1. This device may cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

IMPORTANT NOTE: FCC Radiation Exposure Statement
1. This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. End users must follow the specific operating instructions for satisfying RF exposure compliance.
2. This transmitter must not be co-located or operate in conjunction with any other antenna or transmitter.

Prop 65 Statement
WARNING: This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. For more information on these regulations and a list of chemicals, log on to the following website address: http://www.cancer.ca.gov/prop65list.

iPad is a trademark of Apple Inc. registered in the U.S. and other countries. iPad NOT included, Bluetooth is a registered trademark of Bluetooth SIG, Inc. Other trademarks and trade names are those of their respective owners.

Innovative Technology Electronic Corp. Limited Warranty: 90 Days Labor, One Year Parts
Innovative Technology Electronic Corp. ("IT") warrants the product to be free of "Defects" in materials under normal use from the date of the original purchase. The Warranty is "Not Transferable," and, within the initial 90 Day period, to repair or replace the product if it is determined to be defective at "No Charge." It is further agreed that IT will cover the cost to repair or replace damaged "Parts" only for a solid period of "90 Days" from the date of the original purchase. The Warranty does not cover cosmetic damage, accidents, AC cords, cables, headsets, ear-pads, or damage due to power surges, connection to improper voltage supply or settings, misuse, mishandling, accident, acts of God or attempted repair by an unauthorized service agent. To obtain service, the purchaser MUST present an original sales receipt / proof of purchase. Please contact us at www.themoproducts.com to request a RMA (Return Material Authorization) number to return products for service or replacement. Returns without a RMA number on the package will be refused and returned to sender, upon receipt of the returning item and our inspection (IT) may refuse a replacement to the customer for the same item or of one that has equivalent value and features. To return an item, supply full name, return address, phone number, item purchased, receipt of purchase and reason for return to obtain RMA number. All returns must be in the original packaging or reasonable substitute to prevent damage. Customer "Must" include full name, shipping address and telephone number inside package, no return will be shipped back to a PO Box or APO address. Please include your check or money order in the amount of:
- $US50.00 for items $10.00 to $39.99 (Price Paid Per Unit)
- $US100.00 for items $40.00 to $99.99 (Price Paid Per Unit)
- $US200.00 for items $100.00 and up. (Price Paid Per Unit)
- Shipping fees are not-refundable

To be payable to Innovative Technology Electronic Corp., for handling and return shipping charges. (IT) will not be responsible for delays or unrecognized claims resulting from a purchaser's failure to provide any of the necessary information. Send all inquiries or RMA request via our website www.themoproducts.com/support.

There is no express warranty except as stated above.

REPAIR OR REPLACEMENT AS PROVIDED UNDER THIS WARRANTY IS THE EXCLUSIVE REMEDY OF THE CUSTOMER. (IT) SHALL NOT BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES FOR ANY UNPERFORMED OR IMPERFECT PERFORMANCE OF ANY EXPRESS OR IMPLIED WARRANTY ON THIS PRODUCT EXCEPT TO THE EXTENT PROHIBITED BY APPLICABLE LAW, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ON THIS PRODUCT IS LIMITED IN DURATION TO THE DURATION OF THIS WARRANTY.

Some states do not allow the exclusion or limitation of incidental or consequential damages, or limitations on how long an implied warranty lasts, so the above exclusions or limitations may not apply to you. This warranty gives you specific legal rights and you may also have other rights, which vary from state to state.
